Book Reference

Based on a manuscript and sketches by the beloved Dr. Seuss and illustrated by Andrew Joyner, this book is like a visit to a museum - with a horse as your guide! Your tour guide will show you how different artists SEE horses and how those different visions create unique ART.

The enclosed key clip is a simplified plush design that was created to represent one of the tokidoki characters shown on the packaging.

unicorno™

The Unicornos were once simple little ponies that were out trotting and wandered into a magic waterfall. Passing through the waterfall, the ponies transformed into unicorns and found a hidden magical kingdom. The Unicornos live between the magic kingdom and our world.

WubbaNub

THE *Original* PACIFIER-PLUSH COMBO

In 1999, Carla and her family embarked on their first vacation with their newborn son Bret. Hoping for a relaxing week away, they encountered a challenge when Bret, unable to grasp his pacifier, became upset. In a stroke of inspiration, Carla used the hotel sewing kit to attach his beloved plush toy to the pacifier. Thus, the first WubbaNub was born.
